

"There are many venues that a small business owner can put their marketing dollars into. I would not recommend that any business put all of their eggs in one basket. I do however highly recommend that you put eggs in the Town Planner basket."

In the two years that Smoke Jack has advertised with the Town Planner, we have seen greater returns year over year and a tremendous return on our marketing dollars. We look forward to advertising with the Town Planner and with Scott next year."

Dave Flipiwitz  
 Owner Smoke Jack
